

Meet Maria

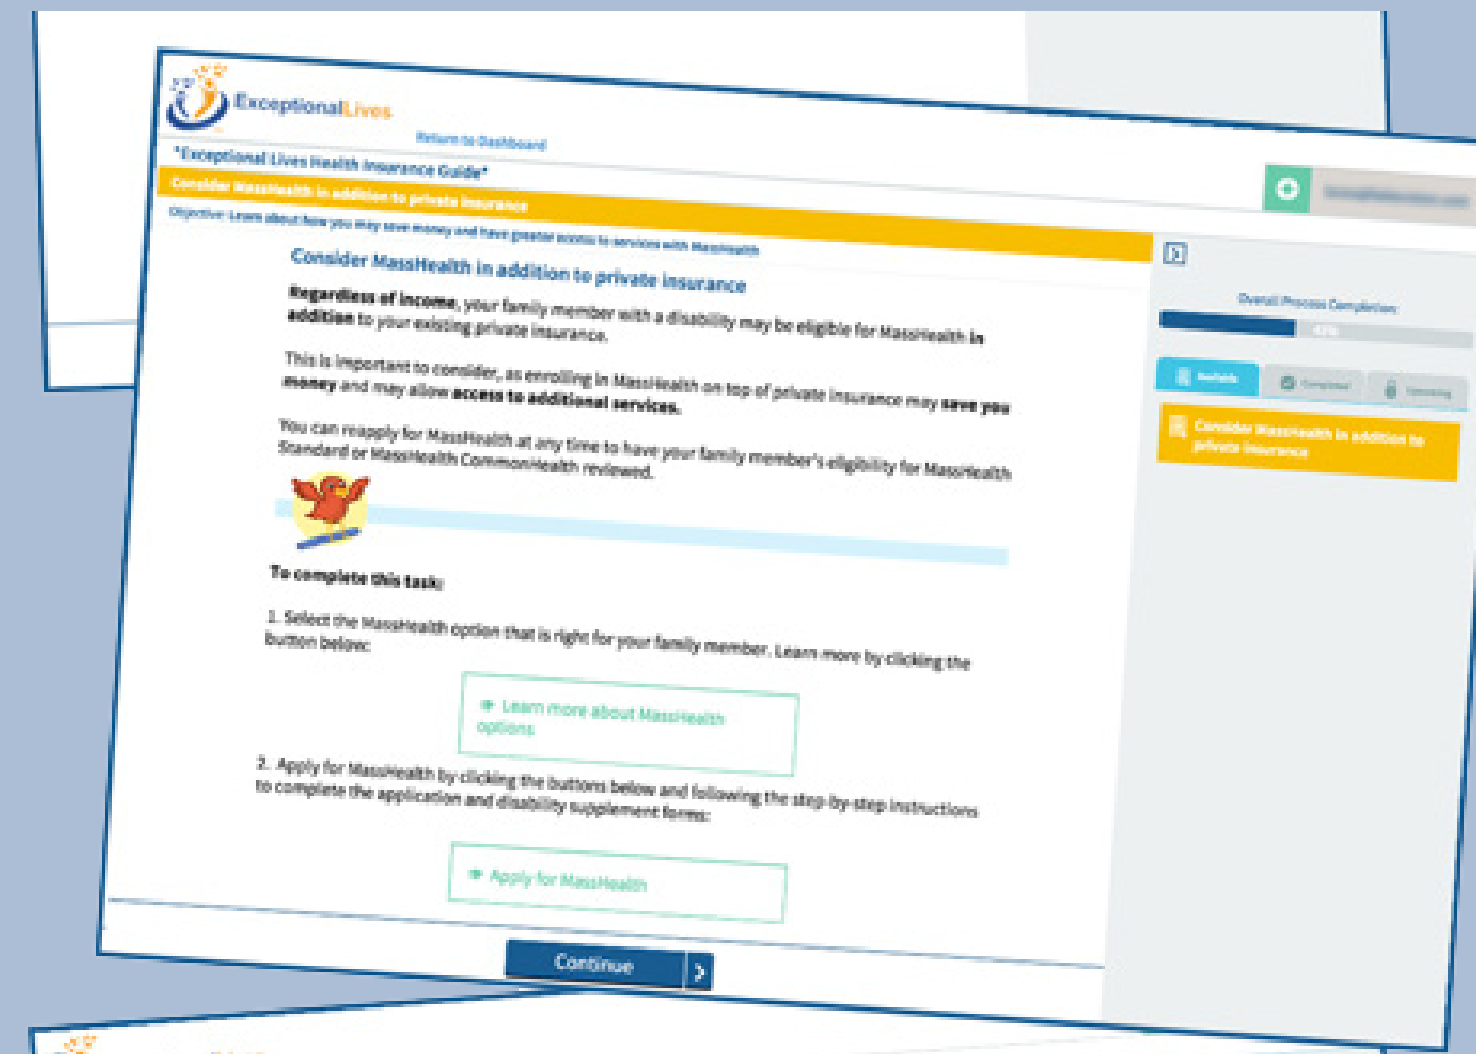

Maria has a 13-year-old with special needs. Worrying about his future keeps her up at night. Information online is overwhelming, unreliable and generic. Expert help is too expensive.

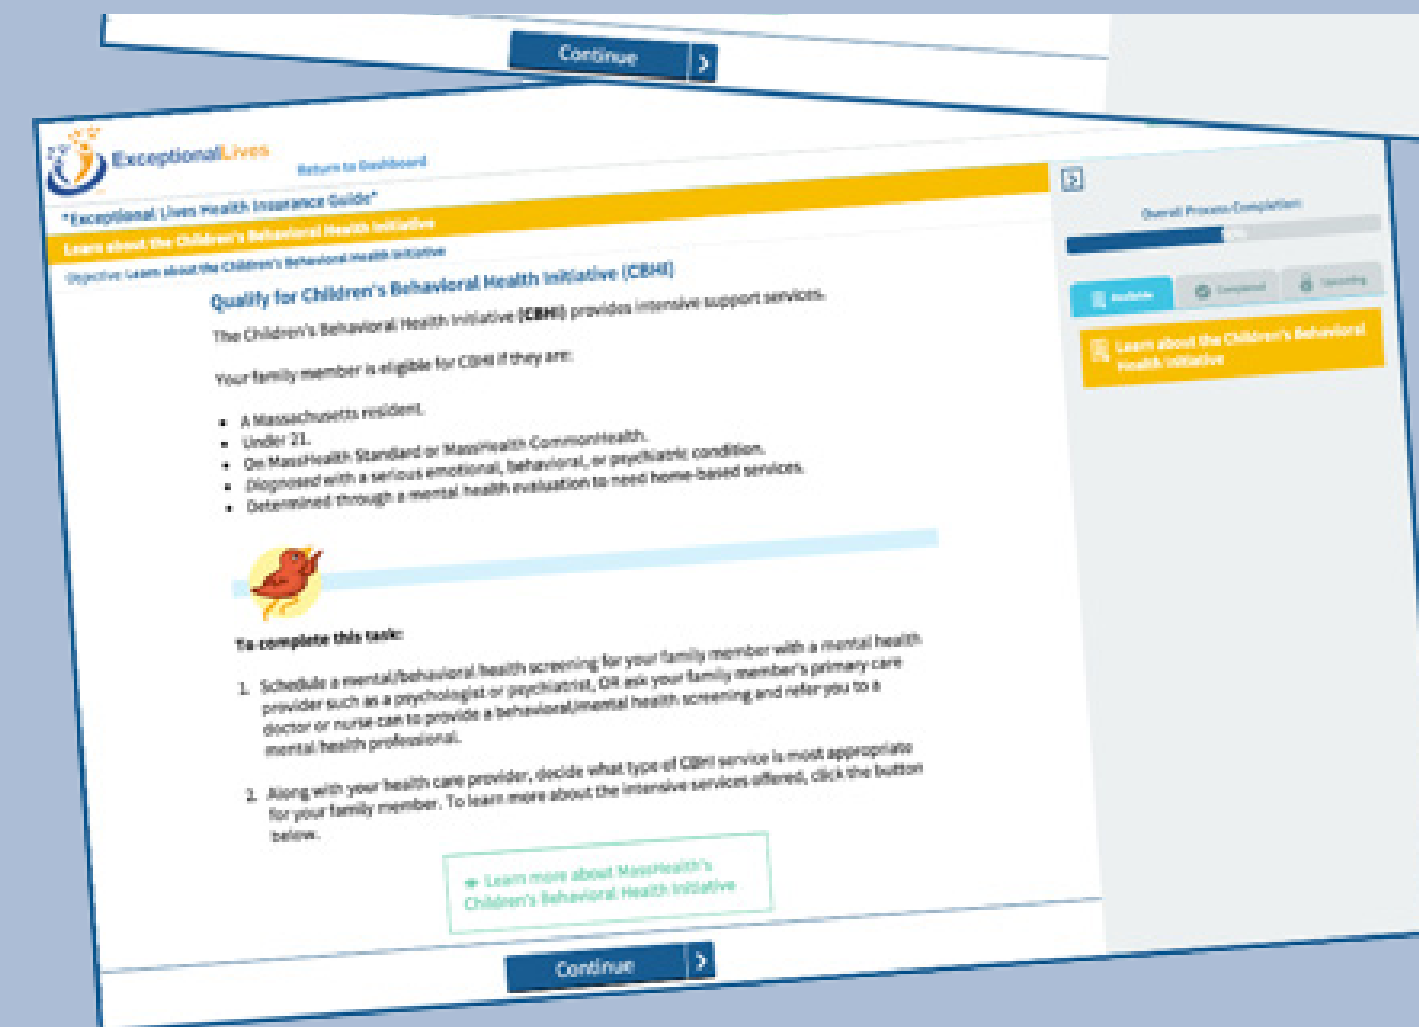

When she visits the Exceptional Lives website, she finds free, easy-to-read online Guides for families of children and adults with disabilities in Massachusetts.

Each Guide takes as little as 15 minutes to walk through!

As Maria moves through a Guide, she gets clear next steps that empower her to take action and achieve goals.

Along the way, she answers simple questions that lead her down an individualized path.

By using Exceptional Lives Guides,
Maria feels more knowledgeable and confident about how
to access the necessary supports and services that will
help her son thrive.

Ready to get started?

Click a button below to check out an Exceptional Lives Guide! If you like what you see, you can create your own account at any time (takes 15 seconds), and then explore them all. It's that simple.
